Stormwater

Saturday January 13, Saturday February 10, OR
Saturday, April 28, 2007

8:30 AM – 3:30 PM

Grades 5 – 12

Fee: Free (receive \$50 stipend!)

Stormwater runoff is one of the most serious threats to water quality in Florida. But what can students do about it? See how The Florida Aquarium addresses stormwater in downtown Tampa and how to bring the message to the classroom and beyond. Receive lesson plans about runoff and water quality, and learn to develop action-oriented service-learning projects. Take home resources and a \$50 stipend! Sponsored by the National Fish and Wildlife Foundation.

Invasive Species

Saturday, February 3

8:30 AM – 3:30 PM

Grades 6 – 9

Fee: Free (receive \$50 stipend!)

What do Asian Green Mussels, Kudzu, and brown anoles have in common? They are invasive species in Florida! Learn about specific Florida invaders and how to teach about them in the classroom. Receive an extensive teacher's guide: *Intruders in Paradise: Invasive Species in Florida*, which includes lesson plans, fact sheets, and more. Sponsored by the Tampa Bay Estuary Program.

Everglades

Saturday, March 17

8:30 AM – 3:30 PM

Grades 3 – 5

Fee: Free (receive \$50 stipend!)

NOTE: This workshop is at the Florida Museum of Natural History in Gainesville

Learning about the Everglades – the ebb and flow of its waters and the web of life it supports – can be a powerful experience for students and adults. Discover hands-on science and language arts activities to bring the ecological concepts of the Everglades to your classroom. Receive the Wayne Drop curriculum!

SEAS Elementary

Saturday, April 14

8:30 AM – 3:30 PM

Grades 3 – 5

Fee: Free (receive \$50 stipend!)

Bring SEAS (Science Education at Sea) to your classroom! Learn marine sciences through hands-on activities aligned with Sunshine State Standards. Take home lesson plans, teaching resources, and a \$50 stipend!
